

Consultation response

Part 1: Your details

Original language of response: Español

Name: Anonymous

Country of residence: Cyprus

Are you willing to let us publish your response publicly on the Global Tailings Review website? Yes

Please select which stakeholder group you are representing: Other

If 'Other', please specify below: Estudiante de doctorado

Are you responding on behalf of an organization? No

Please give the name of the organization:

Your level within the organisation:

Part 2: Your views on each of the Principles and Requirements in the Standard

Topic 1: Knowledge Base

Principle 1

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Yes

Which aspects of Principle 1 do your comments relate to?

Your comments on Principle 1

Principle 2

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Partially

Which aspects of Principle 2 do your comments relate to?

Requirement 2.5

Your comments on Principle 2

Me gustaría más información sobre la parte de poscierre. Algunos cuerpos legales nacionales indican que esta es la fase hasta un año posterior al cierre. Pero bien conocemos que los efectos de las minas permanecen por decenas de años.

Topic II: Affected Communities

Principle 3

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Partially

Which aspects of Principle 3 do your comments relate to?

Requirement 3.4, Requirement 3.2

Your comments on Principle 3

3.2 Cómo nos aseguramos de "hacer participar de manera significativa"? 3.4 El mecanismo de quejas no sirve si nadie independiente lo revisa y si no se asigna un asesor legal para apoyar a los afectados.

Topic III: Design, Construction, Operation and Monitoring of the Tailings Facility

Principle 4

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Yes

Which aspects of Principle 4 do your comments relate to?

Comments on the Principle itself

Your comments on Principle 4

Se habla mucho de decisiones tomadas por las empresas, pero recordemos que estas operan en concesiones otorgadas por gobiernos. Toca incluirlos a ellos también

Principle 5

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Yes

Which aspects of Principle 5 do your comments relate to?

Your comments on Principle 5

Principle 6

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Partially

Which aspects of Principle 6 do your comments relate to?

Your comments on Principle 6:

Principle 7

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Partially

Which aspects of Principle 7 do your comments relate to?

Your comments on Principle 7

Principle 8

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Yes

Which aspects of Principle 8 do your comments relate to?

Your comments on Principle 8

Topic IV: Management and Governance

Principle 9

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Yes

Which aspects of Principle 9 do your comments relate to?

Comments on the Principle itself

Your comments on Principle 9

De todas formas deben incluirse a los representantes de gobierno ya que ellos autorizan la concesión y están para salvaguardar el bienestar de sus ciudadanos y asegurar que vivan en un entorno sano

Principle 10

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Partially

Which aspects of Principle 10 do your comments relate to?

Your comments on Principle 10:

Principle 11

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Partially

Which aspects of Principle 11 do your comments relate to?

Requirement 11.3

Your comments on Principle 11:

El IDR o un revisor técnico senior independiente, quién garantiza la independencia. Existe alguna forma de implementar un sistema de acreditación para organismos de inspección bajo la ISO 17020 o de personas bajo la 17024?

Principle 12

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Partially

Which aspects of Principle 12 do your comments relate to?

Comments on the Principle itself

Your comments on Principle 12:

Existe alguna forma de implementar un sistema de acreditación para organismos de inspección bajo la ISO 17020 o de personas bajo la 17024?

Principle 13

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Yes

Which aspects of Principle 13 do your comments relate to?

No

Your comments on Principle 13:

Principle 14

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Yes

Which aspects of Principle 14 do your comments relate to?

Comments on the Principle itself

Your comments on Principle 14:

Los requisitos son bastante amplios y no se especifican las modalidades, ni los tiempos.

Topic V: Emergency Response and Long-Term Recovery

Principle 15

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Partially

Which aspects of Principle 15 do your comments relate to?

Your comments on Principle 15:

Principle 16

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Not sure

Which aspects of Principle 16 do your comments relate to?

Comments on the Principle itself

Your comments on Principle 16:

En las fases anteriores casi no se menciona al sector público, y no se lo quiere involucrar en algunas decisiones. Pero como ya hablamos de problemas y catástrofes, ahora sí aparecen. Necesitamos integrar más tanto a la parte pública como privada en todas las fases.

Topic VI: Public Disclosure and Access to Information

Principle 17

In your view, will compliance with this Principle and its Requirements contribute to the prevention of catastrophic failure of tailings facilities?

Yes

Which aspects of Principle 17 do your comments relate to?

Comments on the Principle itself

Your comments on Principle 17:

Hay que transparentar la info y tiene que actualizarse periódicamente.

Part 3: Your views on the Standard

Your view as to whether the content of the Standard meets your expectations

Your view as to whether the content of the Standard meets your expectations (closed question):

2: Falls somewhat below my expectations

Please summarize why you chose this option:

se involucra poco a los gobiernos que son los que finalmente otorgan la licencia para operar

Your view on whether the Standard will create a step change for the industry in the safety and security of tailings facilities

Your view on whether the Standard will create a step change for the industry in the safety and security of tailings facilities (closed question):

2: Will deliver minor improvements to the safety and security of tailings facilities

Please summarize why you chose this option:

Todo está sujeto a ser perfeccionado. Las medidas aquí expresadas son valiosas pero no siempre podemos anticiparlo todo.

Does the content of the Standard address all aspects of tailings facility management adequately?

Does the content of the Standard address all aspects of tailings facility management adequately (closed question)?

No

Please explain why and/or what is missing:

A mi criterio falta hacer más énfasis en las fases de poscierre. No podemos asumir que los gobiernos y sus ciudadanos van a pagar vía impuestos por la gestión de desechos tóxicos por las siguientes décadas

Part 4: Suggestions for topics to be included in the accompanying Recommendations Report

On which topics would you expect to have further clarification or guidance in this document?

MAyor compromiso entre los sectores públicos y privados.

Other information

Non-fitting response text (text submitted which did was not in response to one of the questions above)
